

Out to sea there is a high place

**A** **C**

Sailor lead me to your song

**D** **G** **D**

And we will bathe in the white foaming water

**G** **A**

And be pure as God's driven snow

**D** **G** **D**

On that cloudless day there'll be no sorrow

**G** **Am** **G** **Am**

So the story goes the story goes

**G** **G7** **C**

Well I might never sing a song that's good enough for me

**D** **G**

Chase the doubts and fears away

**G** **G7**

**C**  
On a sinking ship of hope I could hear the sailors calling

**D** **G**

Call the captain sail away

**G** **Am** **D** **G**

Out to sea there is a refuge

**Am** **D** **G**

Where the holy winds are strong

**Am** **D** **G** **Em** **A** **D**

Out to sea there is a high place lead me to your song

**D** **G** **D**

And we will bathe in the white foaming water

**G** **A**

And be pure as God's given snow

**D** **G** **D**

On that cloudless day there'll be no sorrow

**G** **Am** **G** **Am** **G**

So the story goes the story goes
