

I'll Never Be Free
Jean Shepard

[Verse 1]

G7 **C** **C7**
Each time I hold somebody new
 F **D7**
My arms grow cold aching for you
 C **G7**
No one can take your place darling in my embrace
 C **F**
I'll never be free

[Verse 2]

C **C7**
And when my lips burn with desire
 F **D7**
No other kiss puts out the fire
 C **G7**
Though I may try and try no one can satisfy
 C
This longing in me

[Verse 3]

G7 **C**
I'll never be free from your smile so tender
 G7 **C**
The sweet surrender in your eyes
 G7 **C**
How can I be free when I still remember
D7 **G7**
How you could thrill me with a sigh

[Verse 4]

C **C7**
Just like a chain bound to my heart
 F **D7**
Your love remains when we're apart
 C **G7**
Each kiss I gave to you made me a slave to you
 C
I'll never be free

[Outro]

G7 **C**
I'll never be free
G7 **C**
I'll never be free
G7 **C**
I'll never be free
