Verse 1

Were you laughed at by your friends  
And were you lost for words when everybody finally told you what they  
thought  
You can keep up with the trends  
It makes you lose but somehow everybody always makes up in the end  
Oh, was it something that I ate?  
Oh, did it even touch the plate?

Oh, suddenly I m feeling great  
Do you like me now?

Chorus

Leaving home, life was never good to me  
Leaving home, I smell the morning air  
Leaving home, life was never good  
If you can t work it out we re leaving home

Verse 2

I could hear them through the door  
As people came in laughing at the way they acted when they were alone  
And an argument would start  
With nothing more than this to be the love to leave you standing on  
your own  
Oh, am I doing it again?  
Oh, I m a loser now and then  
Oh, and I smile at everything  
Do you like me now?

Chorus

Leaving home, life was never good to me  
Leaving home, I smell the morning air  
Leaving home, life was never good  
If you can t work it out we re leaving home

Slow Bit

Hope I like the life I find  
When I leave everything behind  
I hope I m sure I ve made my mind to go....leave home

Chorus

Leaving home, life was never good to me  
Leaving home, I smell the morning air  
Leaving home, life was never good  
If you can t work it out we re leaving home
