

Waterline

Jedward

Hi! This is my first tab/chord/thingy ever, and I just tried something and it sounded quite good. So yeah : 3

C **G**
Flood gates, can t wait
Am **F**
Here she comes, shut em fast

Better shut em fast
C **G**
Too late, swept away
Am **F**
Feel the rush after the fact

Am **G**
Coming up beneath me
Am **C**
Never been in love so
 G
Deeply before

C **G** **Am** **F**
I am close to the waterline
C **G** **Am**
I thought that I d been over my head
 G / F
For the last time
C **G** **Am** **F**
I m so close to the waterline
Am **G**
And the way I m loving her now
 Am **F** **C**
I know this is bound to go down as the big one.

C **G**
Whistle blast, lights flash
Am **F**
Throw a rope, grab a hold

Feel the undertow

She laughs, waves crash

What s the use I can t let her go
