

Last Goodbye
Jeff Buckley

This is for normal people who couldn't be stuffed learning
50 new chord and tune down every time you want to play this song.
The way Jeff plays it only sounds good with a band!!!!,
and so do some bits of this, Sing along - it will sound better.

TIP - Paste this into notepad.

You can play this bit if you like I usually start on Intro (1).
just doesn't sound right without a lot of delay!!

strum as fast as you can and slide between these.
