Like A Dog

Ok dude, I wrote this tab just for you. This song is pretty simple so it wasn't too hard to do. It's pretty much the progression:

**G D C D**

The only trick is, during the verses there's a lot of hammer/pulling while playing the chords, especially with the pinky. This is the gist of it.

	G	D	C	D
E	---3-3-----3p2---	0-0-0-----2-2h3p2-----		
B	---3---3---3--3-3-3---	3--1-1---1--3-3-----3-----		
G	---0-----0-0--2-2-2-----	0-0-----2-2-----		
D	---0-----0-0--0-0-0-----	2-2-----0-0-----		
A	---2-----2-2--0-0-0-----	3-3-----x-x-----		
E	-3-3-----3-3--x-x-x-----	3-3-----x-x-----		

It's not quite that clean, there is some more sturmming but you can get the general idea of what it sounds like from that I hope. For the chorus, use the same chords, more stum, less hammering.

Verse1:

She's really had enough  
She's given in so much  
This time it's different once again  
All the things he said  
Running through her head  
It's alright if she don't find out  
And now he laughs and waits  
And he counts the days  
She's gone but he knows that it won't last  
She told his friend she'll come back again  
She'll crawl like a dog she always has

Chorus:

She rolled her eyes then hit the wall  
She said he hasn't changed at all  
She don't believe him and she don't want him around

Verse2:

Now she holds his hand

Says that he s her man, for the times that he s been so good to her  
Will he hurt again, she heard from a friend  
She don t know but she really can t be sure  
Will she figure out, what he s all about  
Will she see what s in that mind of his  
It s made of all those things, all the pain he brings  
She makes her feel like the dog he is

Chorus:

Then just strum the chords with the hammer/pulling.

Enjoy
