Baby s Coming Back

Chords by: Justin Makeig (makeig@nwu.edu)

**C**  
I knew that when I saw her  
that my life would move over from the fast lane  
Gone would be the days of all my drinkin and my carryin on  
But when I settled down  
The party king uncrowned  
this stubborn memory hadn t faded  
too many dumb mistakes  
and all the grief it makes  
left nothin else to be debated

**D7** **F** **C** **F**  
And if you say that you understand then your lyin  
D7 F maj7sus2 C maj - C sus4 - C maj  
but if you figure that I m all right now I can t deny it

**Dm** **G7**  
Baby s comin back, Baby s comin back  
**Am**  
so I m on my best behavior  
**Dm** **G** **A min**  
I can t take it anymore I just woke up on the floor today  
**D min/A** **G maj** (verse riff)  
I ve long run out of my last chances but she s on her way

(same as first verse)  
If I had a dollar for every single time I fought her I d buy a handgun  
But that couldn t shoot away the bullseye that she made on my heart

(same as first bridge)  
 And if I sound like a beaten man well I guess so  
 but on her way is the sweetest prize and I can t let go

(same as first chorus)  
 Baby s comin back  
 Baby s comin back  
 so I m on my best behavior  
 I can t take it anymore  
 I just woke up on the floor today **C-G-A-E-C-B** (descending)  
 I ve long run out of my last chances but she s on her way

**A min** **G maj** **D maj**  
 What I told her on the telephone was that I d been so bad  
**A min** **D maj** **G maj**  
 I wouldn t blame her if she mowed down these wild oats I d sown  
**F maj** **Bb7**  
 But when she said she give me one more chance  
**G maj G maj G maj**  
 I said knock three times when you arive

This transcription is from the acoustic version that Jellyfish plays. It will also work on the album version. Sometimes they play it with a capo on the first fret in which case you d just move all the chords up a fret. Also, the chord names on the bridge are an approximation, but the actual chords are the way that Jellyfish plays them. The main rythm toggles back and forth between the C maj and C sus4 chords using your pinkie.

**C maj** **C sus4**
