Em **D**
I hope you remember me
Am
I was your daddy once
Em **D** **Am**
Wearing the sailor cap and dirty nails
Em **D** **Am**
To you I m just a picture on your mother s mantlepiece
Em **D** **Am**
Who chose to fight the good fight in time to fail

G
Into battle
D
And in your shadow
C **D#dim7** **Em** **Em/D#**
Your daddy loves you still
Em/D **Em/C#** **C** **G** **D/F#**
Yes I do

I never thought it d be so hard to see you grow so fast
And turn into the man I used to be
But I hope you have more sense than I in matters such as these
Medals don t mean shit when a family is so lost at sea

Into battle
And in your shadow
Your daddy loves you still
Yes he does
Yes he does

E **D**
I save every moment I ve reached out and almost touched you
E **D**
But they all fade away must be a bad memory
