

**Have To Say Goodbye**  
**Jennette McCurdy**

**F**

Feels like i m just getting to know you

The conversation just got goin

**C**

It s been the perfect night

Everything s just right

**F**

I can see the sun is starting to set

And we haven t even started yet

**C**

Blame it on the moon

For showing up so soon

**Bb**

**C**

Caught up in a whirlwind

**Bb**

**C**

That i don t want to ever end

**F**

Something bout this moment

**Bb**

I just wanna hold it

**F**

**Bb**

Never let it out of my sight

**F**

Something bout this feeling

**Bb**

I just wanna keep it

**Bb**

**C**

Last thing i wanna do tonight

**F**

Is have to say goodbye

**F**

Let s rewind and start all over

Sing the song a little slower

**C**

Try to memorize

The way we feel tonight

**F**

Everybody knows you can't stop time

That doesn't mean you're gonna stop me from trying

**C**

I just want to stay

Right here with you, right here with you

**Bb**

**C**

Caught up in whirlwind

**Bb**

And all I need is you and me

**C**

Right here together

**F**

Something 'bout this moment

**Bb**

I just wanna hold it

**F**

**Bb**

Never let it out of my sight

**F**

Something 'bout this feeling

**Bb**

I just wanna keep it

**Bb**

**C**

Last thing I wanna do tonight

**F**

I have to say goodbye

**Bb**

**C**

Pretty soon tomorrow's gonna come around

**Bb**

**C**

But, it's not here yet, so we won't let it bring us down

**Bb**

Oh bring it down

**F**

Something 'bout this moment

**Bb**

I just wanna hold it

**F**

Something 'bout this moment

**Bb**

Never wanna never never wanna

**Bb**

**C**

Never let it out of my sight

**F**

Something 'bout this feeling

**Bb**

I just wanna keep it

**Bb**

**C**

Last thing I wanna do tonight, Ohh

**Bb**

**C**

Last thing i wanna do tonight

**F**

Is have to say goodbye

Goodbye (Something bout this moment)

Bye (Something bout this feeling)
