Troubles
Jennifer Kea

#It s my first Tab/chords. I never found any Chords for this amazing song so I got to
work and listened it out. Hope that I can make other people happy who search for chords
for this song like i did. So enjoy and I m sorry for some faults.
The name of Jennifer Kae is wrong but ultimate-guitar only knows her with Jennifer Kea,
so I submit the Tab with this name#

Intro: **G#m**, **E**, **G#m**, **E**,...

F#   **C#m7**
Let s run all the red lights
                     F#
shoot out some tail lights
       E   **F#**
cover our faces and fake our I.D.
           C#m7
we re moving like shadows
            F#
go where the wind blows
         E
wreckless and foolish

take what we need

G#m   **E**
Where did it start
              G#m
and when will it end
       E
A moment of calm

before it starts again

B   **F#**
Oh yeah, I m sensing trouble
         C#m7
best run for cover
       E
until it s over
       B
and we are always
      F#
getting in trouble
            C#m7

```
we re bad for each other
          E
but better together

F#             C#m7
Burn all our bridges
                F#
ignore all the warnings
            E
rip up the pages form our history
F#                   C#m7
I ll go where you go,
                  F#
coz you know and I know
                E
better to burn out than fade away

G#m             E
Where did it start
                  G#m
and when will it end
              E
A moment of calm

before it starts again

B                       F#
Oh yeah, I m sensing trouble
              C#m7
best run for cover
          E
until it s over
          B
and we are always
          F#
getting in trouble
                  C#m7
we re bad for each other
      E
but better together

F#            G#m
We might be wrong
            F#
we might be right
                E
it s not set in stone
                    B F#
not black or white
F#              G#m
we might be strong
          F#
put up a fight
```

```
        E
we don t belong
E                               B
all along you know there s trouble inside

B          F#
Oh yeah, I m sensing trouble
           C#m7
best run for cover
           E
but we re better together
```

Outro: **E**, **G#m**, **E**, **G#m....**
