

Again

Jennifer Lopez

D **A**
Like an angel out of the sky you came
Em
Clearing up all the clouds
G
Of sadness and the rain
D **A**
So pure you and healing was the love you bring
Em
I knew inside
A
It felt so right...

Bridge

Bm **G** **A** **Em**
For me, I've struggled, all my life
Bm **G** **Em** **A**
To find that thing that makes it right
Bm **G** **A** **Em**
With you it seems I may have found
G
Some other kind of love

Chorus

Bm **G** **A** **Em**
I will, love you all my life
Bm **G** **A**
Always be by your side
Bm **G** **A** **Em**
And I will give you all I have
G **Em**
Cause you gave me peace and joy
G **A** **Em**
Again, again, again...

D **A**
I was scared to let go and trust your love
Em **G**
After what I'd been through I have had enough
D **A**
Whispering through your eyes you never said a word
Em
But something said
A
You're heart's safe
