All my mail

Right under my door

G
Lost completely

She ain t a princess
But she s an artist
Painting a portrait
All over my heart

Colors bleeding
So deceiving

Em **Am** **Em** **D**
No I won t change another thing
Em **Am** **Em** **D**
I cracked the bell I tried to ring

A scissor runner stole my heart

G C G C

I was on standby
Catching the red eye
I missed my flight
She didn t mind

I ll forgive you
If I outlive you

No I won t change another thing
I cracked the bell I tried to ring

A scissor runner stole my heart
A scissor runner stole my heart
A scissor runner stole my heart

Uptown, downtown, all around the swingset
You say what you want I don't ever lose bets
Find me laying low in the San Fernando
You ask me well I say I don't know
