RISE UP WITH FISTS

Capo 4.

[Verse 1]

What are you changing? **G**
Who do you think you re changing? **C**
You can t change things, we re all stuck in our ways **Am G**
It s like trying to clean the ocean **G**
What do you think you can drain it? **C**
Well it was poison and dry long before you came **Am G**

[Chorus 1]

But you can wake up younger under the knife **Am Em G**
And you can wake up sounder if you get analyzed **Am Em G**
And I better wake up **Am Em G**

There but for the grace of God, go I **Am Em C G**

[Verse 2]

It s hard to believe your prophets **G**
When they re asking you to change things **C**
But with their suspect lives we look the other way **Am G**
Are you really that pure, Sir? **G C**

Thought I saw you in Vegas

Am G

It was not pretty, but she was (not your wife)

[Chorus]

Am Em G

But she will wake up wealthy

Am Em G

And you will wake up 45

Am Em G

And she will wake up with babies

Am Em C G

There but for the grace of God, go I

Am Em C G

(oh oh oh oh oh oh oh oh)

[Verse 3]

G

What am I fighting for?

C

The cops are at my front door

Am

G

I can't escape that way, the windows are in flames

G

And what's that on your ankle?

C

You say they're not coming for you

Am

G

But house arrest is really just the same (just the same)

[Chorus]

Am Em G

Like when you wake up behind the bar

Am Em G

Trying to remember where you are

Am Em G

Having crushed all the pretty things

Am Em C G

There but for the grace of God, go I

[Bridge]

Am Em G

But I still believe

Am Em G

And I will rise up with fists

Am Em G

And I will take what s mine mine mine

[Outro]

AmEmC G

There but for the grace of God, go I

AmEmC G

There but for the grace of God, go I

AmEmC G

There but for the grace of God, go I

AmEmC G

There but for the grace of God, go I
