**G** **Bm/F#** **Em7**

Sleep like the dead through the noise in your head

**C** **G**  
My monitors click and whir and glow

**Bm/F#** **Em7**  
Iâ€™m with you all day and I still would stay

**D**  
Tomorrow and onward just this close

**Am** **C** **Em** **D**  
You know I live to keep you safe

**Am** **C** **G** **Bm/F#** **E** **G/D**

I canâ€™t explain it but I have to try

If you evaporate the seas will rise

Til they devour the sky

Album version from Transmitter Failure, effectively piano chords. I ve tried to
