Weâ€™ll call it casual
Youâ€™ll say thatâ€™s fine with you
You like to keep things loose

I know youâ€™ll tire of it

E

You want me carved in stone
You want the best of it

A sweet sweet dream

You think youâ€™ve seen one girl
So youâ€™ve seen every girl
You know her breath will catch
And how her fingers curl
Around a gnawing hope
Sheâ€™ll find a love that burns
Iâ€™ve seen a hundred backs
But never one return

O god

I canâ€™t stay I wonâ€™t stay for things left unseen

I canâ€™t stay I wonâ€™t stay I know youâ€™re a dream

A sweet sweet dream

O god

I canâ€™t stay I wonâ€™t stay for things left unseen

I canâ€™t stay I wonâ€™t stay the end has no means

I canâ€™t stay I wonâ€™t stay I know youâ€™re a dream

A sweet sweet dream

Youâ€™re a dream

But not my dream
