

## I Want A Pair Of Cowboy Boots

Jens Lekman

This is my first tab, it s pretty close but i m posting it mostly so i can figure out the parts that are iffy.

CAPO ON 3 - Chords relative to capo.

Intro - **G A D G**

**G** **A**  
You where in my dream last night  
**D** **G**  
Like every night since two years ago  
**G** **A**  
I think my dream is trying to tell my something  
**D** **G**  
And I say "tell me something I don t already know".

**G** **G/B** **D** **G**  
Just buy me a drink, so I can refuse  
**G** **A** **D**  
To raise my glass to these sad and worn out midnight shoes  
**G** **A** **D**  
In my next dream I want a pair of cowboy boots  
**G** **A** **D**  
The kind that walks the straightest and most narrow route  
**G/B**  
Anywhere but back to you

[[[[Same song structure throughout.... The rest of the lyrics below.]]]]]

Here we are down the same old street  
Here we are with nothing to say  
My little hand trying to make it into yours  
But you put it in your pocket and looks away

I keep my eyes on the sidewalk  
For something flippable like a dime  
I wanna know how you forgive someone  
Someone you ve forgiven so many times

Just buy me a drink, so I can refuse

To raise my glass to these sad and worn out midnight shoes  
In my next dream I want a pair of cowboy boots  
The kind that walks the straights and most narrow route  
Anywhere but back to you

Anywhere but back to you
