GM7/B **G2**
You would scour the entire earth
Asus **C2**
And never call off the search
GM7/B **G2**
Looking for the one that got away
Asus **C2**
Hoping I d come back to stay
GM7/B **Em**
But I ve been chained by the guilt of my sin
Asus **C2**
Never letting myself let You in
GM7/B **G2**
But still You knock on my heart s door
Asus **C2**
The same way you ve knocked a thousand times before

G **D/F#**
I don t want to make You run anymore
Em **D/F#**
Here I am, here I am
G **D/F#**
I don t want to make You cry anymore
Em **D/F#**
Here I am, here I am
G **D/F#**
I don t want to cause You pain anymore
Em **D/F#**
Here I am, here I am
G **D/F#**
I am Yours
Em **D/F#**
Completely Yours

Here I come, round the mountain again
There You stand with salvation in hand
With blinded eyes, I pass right by
But You remain for another try
How must it feel, when Your love is denied
When those once close, crucify

But still You would run through the day and the night
To ransom this once fugitive life
Completely Yours

Bridge:

G

I feel the wind blowing again
Breathing life into me

G

I feel the warmth of the smile on Your face
As the sun is shining on me

C

I feel the rain pouring again

C

Washing my heart clean
Wash me clean
