Singing On the Sidewalk

I realize that the bridge chords aren't exact, but they sound fine without the song playing with them.

CAPO 3

G D C D

G D C D
This rain might wash me away

G D C D
But the sun might burn my face

G D C D
This corner chews me up, spits me out, picks me up, tears me down

G D C D

(same chords as first verse GD CD)
I don't count my sins cause I don't want to count on anything
In case it chews me up, spits me out, picks me up, tears me down

Am
I'm not crying for you

Em
I don't feel no pain

C
But everytime you leave

G
I wish that I was on my way

G D C D
I'm singing on the sidewalk, dancing for you
Wearing holes in my shoes
I got blisters on my toes
Everybody knows there's nothing to do
So I'm singing on the sidewalk dancing for you
