Teenage tears

D5

On the kitchen floor

E5 **F#5**

I pull you close and hold my breath

D5

Feel your heart beat through your summer dress

E5 **F#5** **D5**

Shuffle our feet slowly to the stereo

E5 **F#5**

And if your boyfriend suddenly appears

D5

If your father comes home and finds us here

E5 **F#5** **D5**

You and I, we won t need an alibi

A E D [root notes only]

It s only dancing

It s only dancing

Mirror ball

and a cover band

Just for kicks

Won t you take my hand?

It s something that all good friends do

It s not like I m in love with you

What a crazy idea, where did you get that?

Let s tangle up our finger tips

I ll a rest a hand upon your hips

There s nothing to see it s all so innocent

A5 E5 D5

It s only dancing

It s only dancing

It s only dancing

It s only dancing

Clip-on tie
And a sweater vest
You wear a veil
And a wedding dress
I watch you part a crowded room
The perfect bride and the perfect groom
As you float across the ballroom in his arms

And I want to scream, I want to burst
I want to blame the whole damn universe
But the same three words I whisper to myself

A E D [open position]

It s only dancing
It s only dancing
It s only dancing
It s only dancing
