

## Repo Man

Jeremy Messersmith

I couldn't find chords to this anywhere, so I just figured out what I could. I know the chords are much more complex, but I just don't have the knowledge or patience to figure it out completely. Also, it is very possibly capoed, but I also lack a capo. I know the D after the Bm (in the intro and chorus) is not really a D. The Bm could be held instead, but neither is completely right, so I just play the D. So please improve this tab!

Standard Tuning

Intro:

D Em G G  
Bm D G G  
Bm D G Gm  
D

Verse 1:

Em G D  
Fourteen years I was sober  
Em G D  
I worked hard for my pay  
Em G D  
Left my tithe at the altar  
Em G  
Closed my eyes when I prayed

Chorus:

D Em G  
But I'm the repo man and nobody, nobody,  
G Bm D G  
Nobody weeps for me  
G Bm D G Gm D  
Nobody weeps for me

Verse 2: Same as Verse 1

The ground is cold in Minnesota  
Cotton falling on the town  
I share this hill with a willow  
But he never makes a sound

Chorus: Same and end on D

Comments/corrections very welcome!
