Baby, baby, baby why

**D** **Bm** **G**  
You left my arms to the walk on by

**Bm**  
Oh, all our lives for you and

**G** **A**  
It s our love so, so true and

**D** **Bm**  
Baby, baby, baby why

**D** **Bm** **G**  
You left my housing for another guy

**Bm**  
I know I will rise for me and

**G** **A**  
It s all the love it s meant to be so

**Bm**  
Stay with me and read for me

**E**  
Oh, I can see you re coming back to me

**Bm**  
Oh, stranger things have come to be

**E**  
In stranger times we may see

**G** **A**

The times you cry my baby

**D** **Bm**

But I will stay close to you

**G** **A**

And if we might just stay here

**D** **Bm**

I ll hold you so close to me

**G** **A**

Don t you cry my baby

**D** **Bm**

But I will stay close to you

**G** **A**

And if we might just stay here

**D** **Bm**

I ll hold you so close to me.
