[Verse 1]

AM7
I ve been searching
 AM7 **F#m7**
For something that gives me a similar feeling
 F#m7 **AM7**
To what I only feel with you
 F#m7 **E** **F#m7** **E/G#**
But girl, you re the truth
AM7
Someone told me to hop on a plane
 F#m7
And go to New York City
 AM7
It s got everything that you ve ever dreamed
 F#m7
But bigger beauty I ve seen, yeah

[Pre-Chorus]

E **F#m7** **E/G#** **AM7**
The day that I met you I learned
 AM7
I didn t know anything
 F#m7
Showed me true beauty in life
 F#m7
You really change everything
 AM7
And all that I knew
 AM7

Suddenly changed by your kiss (yeah)

F#m7

F#m7

I once knew love but it was nothing like this

[Chorus]

E F#m7 E/G# AM7

Baby, you re so much better

AM7

Better than what I imagined love would be like

F#m7

Better, hotter than the clearest day or the storms at night

AM7

Better, anyone could see girl

F#m7

That you are so so much

F#m7

Oh so much better

E F#m7 E/G#

Baby, you re better...

[Verse 2]

AM7

Than my favorite song on the radio

N.C.

At the perfect time

F#m7

Better than a seventh chord on a Fender Rhodes

F#m7

Under a perfect line

AM7

Yeah, that feel-good music

B

C#m7

Yes that s what you are

F#m7

No one else comes close, baby

F#m7

E F#m7 E/G#

You raise the bar (yes, you did)

[Verse 3]

AM7

Even better than Lemonade on a summer day

AM7

Oh yes, I said it

F#m7

If they say we re a good looking couple

F#m7

Well, better give you the credit

AM7

Cause I m better with you, see

AM7

And I love what you do to me

F#m7

Never let someone in

F#m7

But somehow you got through to me (oh)

[Pre-Chorus]

E F#m7 E/G# AM7

The day that I met you I learned

AM7

I didn t know anything

F#m7

Showed me true beauty in life

F#m7

You really change everything

AM7

And all that I knew

AM7

Suddenly changed by your kiss (yeah)

F#m7

F#m7

I once knew love but it was nothing like this

Or the storms at night

AM7

Better, anyone could see girl (anyone of us can, oh)

F#m7

That you are so so much (you re so)

F#m7

Oh so much better (so, so)
