Save Me
By Jeremy Rosado

Intro: **C#m**, **A**, **E**, **B** (x2)

C#m   **A**   **E**   **B**
Where did I stop and take the wrong turn
C#m   **A**   **E**   **B**
I canâ€™t remember where it all, changed
                          A
When the love I had so deep for you got pushed aside, thrown away and
B   **C#m**
Here I am down on my knees
A
Lower than I thought I could be

Chorus:
C#m   **A**
Wonâ€™t you save me
E   **B**
Crying out for my soul
C#m   **A**
Iâ€™m not worthy
E   **B**
But donâ€™t leave me alone
   C#m   **A**
Iâ€™m broken glass in a million pieces
                      E   **B**
I need your hand to keep on reaching
        C#m   **A**   **E**   **B**
And save me, save
 C#m   **A**   **E**   **B**
                    Me

Verse 2:
C#m   **A**   **E**   **B**
How didnâ€™t I see where this was going
C#m   **A**   **E**   **B**
And how could I ever be so blind
A
I turned my back on the hands that made me, walked away from all you gave me
B   **C#m**
Here I am down on my knees Lord
A
Hoping that you still love me

Chorus

Bridge:

C#m   **A**   **E**   **B**
Say I need your Love, to come and save me
C#m   **A**
And grab me and never, never let me go
