Thinking 2 Much
Jeremy Zucker

[Verse 1: Jeremy Zucker]
C#   D#m
I was unimportant
A#m   B
You were just a friend
C#   D#m
No one even noticed
A#m   B
We would just pretend

[Chorus: Jeremy Zucker]
   C#   D#m
But oh god, this sucks
A#m   B
Always, you re thinking too much
    C#   D#m
Baby, slow down, realize
     A#m   B
There €™s more here for you
C#   D#m   A#m   B
You

[Verse 2: Jeremy Zucker]
C#   D#m
I was on the border
A#m   B
You were choosing sides
C#   D#m
Kiss me in the morning
A#m   B
Miss me in the night

[Chorus: Jeremy Zucker]
   C#   D#m
But oh god, we suck
A#m   B
Always, we re thinking too much
    C#   D#m
Baby, slow down, realize
A#m   B
There s more here for you

[Post-Chorus: Jeremy Zucker]

```
C#          D#m      A#m      B
You €™re thinking too much, baby

(You)
C#          D#m      A#m      B
You re thinking too much, baby

(You)
C#          D#m
Slow down, take time
        A#m      B
You re always thinking too much, baby

(You)
C#          D#m              A#m      B
Slow down, realize, yeah realize, yeah

[Bridge: Jeremy Zucker]
C#              D#m
Our light is fading
    A#m           B
But you look amazing
      C#              D#m
And my mind is racing
      A#m           B
We re all losing patience
   C#              D#m
I might as well fake it
        A#m              B
Since acting s your favorite
    C#                  D#m
Thought this was vacation
      A#m              B
I won t keep you waiting

[Verse 3: EDEN & Jeremy Zucker]
C#
We ran in fours to the sunrise
D#m
Counting down, come down
A#m
Two down in one try
B
One to go before it burns out

(And my mind is racing)
C#
Past blurs but it s sun drenched
D#m
Path turns on its own bent
```

(We re all losing patience)
A#m
Seems less when you know better
B
And better off for it

(I might as well fake it)
C#
Scarred skies like a road map
D#m
One second I thought and I was sure of it

(Since actingÃ¢€Â™s your favorite)
A#m
At some point it €Â™ll come back
B
Just don t wait for it

(Thought this was vacation)
C#m
There €Â™s no point, it ll come back
D#m   **A#m**
Just don t wait for it
                         B
(I won t keep you waiting)

[Outro: Jeremy Zucker]
                              C#   **D#m**   **A#m**
Won t keep you waiting no more

(What re you doing?)
         B   **C#**   **D#m**   **A#m**   **B**
You re thinking too much, baby
