

Leavin Texas

Jerry Jeff Walker

Capo 3

Intro: G C (3x)

Well now Texas, I am just a little lost and beaten down
Hell like a morning star thats ahead of me I am fadin out
But If I make it to the borders of that Rio Grande
Guess I can make it for one last sunset cross the prarie

Texas this morning the sounds they just sing to me
cause I am alive again and with every footstep sett n me free
If I keep my smile in touch with you the good times we spent in those hills
They will always be a part of me as I live in my Texas Memory

CHORUS:

Oh Texas I am just a little lost and beatn down
but like that morning star thats ahead of me that s fadin out
I just hope I make it to the borders of the Rio Grande
So I can catch me one last sunset across the Prarie

SOLO (same as chorus except last line is like last line of 2nd verse)

I see everything seems to be movin on so I am movin on
I don t deny I get a loneliness that comes sometimes
and all the miles and all the footsteps going down aint how I keep a count,
for every lonely stretch where I just kept on for keepin on.

CHORUS (2x)
