

Another Place, Another Time

Jerry Lee Lewis

G

One by one

C

They re turning out the lights

D7

I ve been feeding that ol jukebox

G

Just to hold you tight

And it s for the best

C

I just put in my last dime

D7

Heard you whisper we meet again

G

Another place another time

Chairs are stacked all on the tables

C

And it s closing time they say

D7

I could wait right here forever

G

If they d only let me stay

Any place would be much better

C

Than that ol lonely room of mine

D7

And a sleepless night awaiting for

G

Another place another time

Won t that room of mine

C

Be a lonely place to be

D7

After I ve been holding you

G

So close to me

And won t that ol stairway

C

Be a little hard to climb

D7

To a lonely room to wait for

G

Another place another time

And won't that ol' stairway

C

Be a little hard to climb

D7

To a lonely room to wait for

G

Another place another time
