

**It Hurt Me So**  
**Jerry Lee Lewis**

**G7**                    **C**  
It hurt me so (it hurt me so)  
                         **G7**                                    **C**  
You ll never know how much it hurt me

**F**                                    **G7**  
To see you with another boy  
**C**    **F**  
You just tore up a world of joy  
   **C**  
You ll never know (you ll never know)  
   **G7**  
You ll never know (you ll never know)  
                                 **C**    **G7**  
It hurt me so

**C**  
If it could show (if it could show)  
                                 **G7**    **C**  
If you could know how much you hurt me

**F**                                    **G7**  
You d sat and cry and when you re through  
**C**    **F**  
You d realize my need for you  
   **C**  
You ll never know (you ll never know)  
   **G7**  
You ll never know (you ll never know)  
   **C**  
It hurt me so

**F**                                    **C**    **F**  
I thought we had a world that could not perish  
                         **G7**    **D7**    **G7**  
But now I m sad we ve just the past to cherish

**C**  
But always I (but always I)  
                         **G7**    **C**  
Remember you and how you hurt me  
                         **F**                                    **G7**  
I ll get by just set and cry  
**C**    **F**  
And wonder why you left me  
   **C**  
You ll never know (you ll never know)

**G7**

You ll never know (you ll never know)

**C G7**

It hurt me so

**C**

**G7**

(You ll never know you ll never know)

**C F**

**C**

It hurt me so (it hurt me so)
