

**Over The Rainbow**  
**Jerry Lee Lewis**

Great song by Jerry Lee Lewis. The chords are changed from the original to fit his country style of playing piano. The F#dim is optional, but it makes for a nice walkup. The C after the F#dim can also be played as a C/G. No capo needed.

[Chorus]

C            Em                            F    F#dim    C  
Somewhere over the rainbow, blue birds fly  
F                    F#dim C                    A7  
They re flying high over that old rainbow  
D7            G7                    C  
I wonder why Lord, can t I?

C            Em                            F    F#dim    C  
Somewhere over the rainbow, way up high  
F                    F#dim C                    A7    D7    G7            C  
You know there s a land old Jerry dreamt of once in a lullaby

[Bridge 1]

C  
Someday I ll wish upon a star  
Dm                            G                    C  
Wake up where the clouds are far behind me  
C  
Where kisses are meltinâ€™ like lemon drop  
D7  
High above the chimney tops  
G7            Dm7                    G7  
That s where you ll find me

[Chorus]

C            Em                            F    F#dim    C  
Somewhere over the rainbow, blue birds fly  
F                    F#dim C                    A7  
Theyâ€™re flying high over the rainbow  
D7            G7                    C  
I wonder why, why canâ€™t I

[Instrumental]

C                            Em                            F    F#dim            C  
F                            F#dim C                            A7
