Fireflies

Jessa Anderson

[Verse 1]

**Am** **C/E** **F**  
You illuminate the open air  
**Am** **C/E** **F**  
I am silently catching every glimmer I can  
**Am** **C/E** **F**  
Cause I know that when the lightning hits  
**Am** **C/E** **F**  
I ll be standing here breathless in the wake of each glimpse  
**F** **G**  
your beauty radiates, it s filling the sky

[Chorus]

**C**  
You re breaking through the darkness//I m like a child  
**G**  
Standing in amazement//here in the night  
**Am** **F**  
You shine//Brighter than fireflies  
**C**  
Caught up in the mystery//i can t deny  
**G**  
Everything around me//Reflects your light  
**Am** **F**  
You shine//Brighter than fireflies

[Verse 2]

I m surrounded by your brilliant glow  
And I marvel in wonder at the sight I behold  
I am running with an empty jar  
Want to capture it all, I m chasing after Your heart  
Your love is infinite, it s filling the sky

Bridge:

**Dm** **Am** **G**  
Now that I ve seen who you are//You re all that I want//I can t turn away  
**Dm** **F**

Now that I ve seen who you are
