

We Can Go Anywhere
Jesse McCartney

D G Em A

Slow down things have been a little crazy
Right now it s time to get away
We can find out what it is you re really after

Em G A

Time is on our side
Come on we re leaving everything behind

Bm G

You know that sun is shining

A D/F#

We ll keep driving

Bm G A

Doesn t matter where

Bm G

Cuz we got that open highway

A D/F#

Beating our way

Bm G A

As long as you are there

We can go anywhere

D G Em A

Break down all the pressure that surrounds you
Allow it all to fade away
We can move on looking in our rearview mirror

Em G A

Wave goodbye
Come on we re leaving everything behind

Bm G

You know that sun is shining

A D/F#

We ll keep driving

Bm G A

Doesn t matter where

Bm G

Cuz we got that open highway

A D/F#

Beating our way

Bm G A

As long as you are there

We can go anywhere

We re gonna be so far gone

Some place we ain t never been before
Find a new favorite song
We ll end up right where we belong

Bm **G**
You know that sun is shining
A **D/F#**
We ll keep driving
Bm **G** **A**
Doesn t matter where
Bm **G**
Cuz we got that open highway
A **D/F#**
Beating our way
Bm **G** **A**
As long as you are there
We can go anywhere

Bm **G**
You know that sun is shining
A **D/F#**
We ll keep driving
Bm **G** **A**
Doesn t matter where
Bm **G**
Cuz we got that open highway
A **D/F#**
Beating our way
Bm **G** **A**
As long as you are there
We can go anywhere

Come with me everything will be alright
Movin on cuz we re leaving it all behind
