I go crazy

by Jesse Stutsman

Chords used Am, C, C shape 3rd fret(054030)which i will call C2

Am C C2
i know that road you travel on

Am C C2
it s a long and lonely one

Am C C2
road is dark but love so near

Am C C2
so bring it home cuz you aint going anywhere

Am C C2
I go crazy its true

Am C C2
and i don t know why, no

Am C C2
and i go crazy its true

Am C C2
please tell me why, yea

everything i see is clear
wishing i would dissapear
seems so hard to get in place
when i think i got it
i m in another big mistake

I go crazy its true
and i don t know why, no
and i go crazy its true
please tell me why, yea

40,000 times i tried
to rationalize this in my mind
why i m here and what i m on this earth to do
hope when i m done
that i can bring it home to you

I go crazy its true
and i don t know why, no

and i go crazy its true
please tell me why, yaaa
