Chorus:

G **C**
Storms never last do they baby
D **G**
Bad times all pass with the winds
G **C**
Your hand in mine steals the thunder
D **G**
You make the sun want to shine

G **C**
I followed you down so many roads, baby
D **G**
I picked wild flowers and sung you soft sad songs
G **C**
And every road we took God knows our search was for the truth
D **G**
And the storms brewin now won t be the last
