

Whatever

Jessica Andrews

This song is fun to play once you get the hand of it.  
There are some quick changes, but other than that it's pretty easy.

Intro: **G, C, Am, C**

Verse:

**G C Am C**  
I used to take you at face value,  
**G C Am C**  
You spoke, I listened and the only thing missing  
**G C Am C**  
Was the truth  
**G C Am C**  
Yeah promises, promises lines as honest as a  
**G C Am C**  
three dollar bill  
**G C Am C**  
You talk the talk, but you don't walk the walk  
**G C Am C**  
and I've had my fill  
**Am C G**  
Goin' on like this is so absurd,  
**Am C D**  
I'm sick of these words, words, words

Chorus:

**Em C**  
You say yes, You say no,  
**G D**  
You say come, You say go  
**Em C G D**  
You change just like the weather  
**Em C**  
First your up, Then your down,  
**G D**  
Say you can't hang around,  
**Em C D**  
Then you promise me forever

Whatever

Verse: Same as first

Save your breath, I m tuning you out  
Nothing I need to hear  
Gonna plug up my ears  
and sing real loud  
LA, LA, LA, LA, LA, LA  
baby talk if you want,  
I don t care anymore  
I m pass the breaking point,  
So I m blowing this joint  
Yeah I m out the door  
I used to take it all so personally,  
Now it sounds the same to me

Chorus
