

How Will I Know  
Jessica Folker

CAPO 2

**F**                    **C**  
I don t know how  
      **Bbadd9**  
Or where to start  
      **Dm**                **C**                **F**  
Here we re standing again  
          **C**  
And I see now  
      **Bbadd9**  
From where we are  
          **Dm**                **C**                **F**  
That our road has come to an end  
          **C**                **Bbadd9**  
Though we ve come this far  
  
I don t know why  
          **Dm**                **C**                **F**  
But I still can t see who you are  
  
Chorus:  
  
          **C**  
I don t want you to cry  
          **Bbadd9**  
Don t want us to say goodbye  
          **Dm**                **C**                **F**  
But I know that we re falling apart  
          **C**  
I don t need your lies  
          **Bbadd9**  
And if you don t sympathise  
          **Dm**                **C**                **F**  
Tell me how will I know who you are  
  
**F**                    **C**  
It s too late now  
      **Bbadd9**  
We ve gone this far  
      **Dm**                **C**                **F**  
To see what s hidden within  
          **C**                **Bbadd9**  
Though we said that we d never part  
          **Dm**                **C**                **F**

Maybe I've been trying too hard

**C            Bbadd9**

To believe in love

I don't know why

**Dm                    C                    F**

But I still can't see who you are

Chorus:

I don't want you to cry

**Bbadd9**

Don't want us to say goodbye

**Dm                    C                    F**

But I know that we're falling apart

**C**

I don't need your lies

**Bbadd9**

And if you don't sympathise

**Dm                    C                    F**

Tell me how will I know who you are

Bridge:

**Dm**

Don't worry

**F**

I promise

**C                    Bbadd9**

It's for the better

**Dm                                    F                    Bbadd9**

So, I think we should let it go now

**C                    F**

And maybe we'll find love again

Chorus (repeat)
