

I'll Be The One You Want Someday
Jessica Lea Mayfield

Am **C** **G** **F**
I'm entering my own dark ages
Am **C** **G** **F**
Relapsing towards emptiness
Am **C** **G** **F**
My only friend is feeding off me
Am **C** **G** **F**
The weakness is starting to consume my body

F
My brain is speeding faster than my mouth can move
Am
I'll sit still and silently observe the room
C **F** **G**
All I can think about are things I should not do

Am **C**
I have a dream
 G **F**
And the dream is perfection
Am **C**
I have a dream
 G **F**
That lives so far away
Am **C** **F** **C**
I'd hold your hand but you do not want me
Am **C** **F** **C**
I'll be the one that you want someday

F
My brain is speeding faster than my mouth can move
Am
I'll sit still and silently observe the room
C **F** **G** **C**
All I can think about are things I should not do
