

Harder We Fall
Jessie J

C **G** **Am** **G**
So whatever path we choose to take
F **C** **G**
There will be highs and there will be lows, the same
C **G** **Am** **G**
Oh we ll never run from our mistakes
F **C** **G**
The harder we fall, the harder we try

C **G**
Ain t it funny how we re all afraid
Am
That tomorrow everything could change
F **C** **G**
We forget we gotta just enjoy the night
That s right, yeah
C **G**
Ain t it funny how we re all the same
Am
Different story for a different name
F **C** **G**
We forget we gotta just enjoy the ride, tonight

C **G**
So you, you gotta live your life
Am
True, to how you feel inside
F **C**
You, you gotta live your life
G
Put your hands up, buckle up and fight

Chorus

Have you ever nearly lost your mind
Then realize it was a waste of time
Thinking bout all the things you can t control, oh no
Have you nearly ever gone insane?
Focusing on what you can t explain
It s good to know that I m not the only one, come on

Say, you, you gotta live your life
True, to how you feel inside
You gotta live your life
Put your hands up, buckle up and fight

Chorus
