

Said Too Much  
Jessie J

Verse I

**G**

Sticks and stones, shattered bones,

**B7**

But in the end they always heal.

**Em**

Take a sip, make a joke to numb the pain, But this is real.

?Everytime I look in the mirror,

**C**

All your words I keep on hearing,  
Are tearing me apart.

**G**

All the names, sicker games,

**B7**

What you did behind my back.

Memories echoing, Making sense not playing back.

**Em**

Everytime I look in the mirror,

**C**

All your words I keep on hearing.

*Chorus*

(pause)

**G**

I think you might ve said too much

**B7**

Sorry isn t good enough

**Em**

I thought that you would call this love, love

**C**

No, you can t take it back

**G**

I think you might ve said too much

**B7**

Man, you really messed me up

**Em**

I thought that you would call this love, love

**C**

No, you can t take it back,

**G**

But I think you might have said too much.

Verse II

**G**

I can t glue back broken glasses,

**B7**

But I can fix what you were smashing.

**Em**

Don't apologize again,

**C**

I won't make a frozen bed, no, no, no.

**G**

Stick, and stones, shattered bones,

**B7**

But in the end they always heal.

All the lives, you crossed the line,

**Em**

You showed me how you really do.

Every time I look in the mirror, I can see my future clearer.

*Chorus*

(pause)

**G**

I think you might've said too much

**B7**

Sorry isn't good enough

**Em**

**C**

**Em**

I thought that you would call this love, love

*Bridge*

**G**

(Why'd you take it all away, Why'd you take it all away)

**B7**

Oh, why, tell me why,

**Em**

Past the point of no return

(Why'd you take it all away, Why'd you take it all away)

**C**

Oh, why, tell me why,

**G**

Past the point of no return

**B7**

Why'd you take it all, take it all away,

**Em**

Past the point of no return.

**G**

Take it all away, oh.
