

Want Your Feeling
Jessie Ware

Intro: Am F C E

I should've told you my secret
But now I'm before the month
Nobody seems to see it
I wanted it all
I couldn't help to notice
You're still on a state
How could you keep forgetting?
I wanted it all

Light still shining in the room
You left me here
I wanted to show you
I want to control you
Light still shining in the room
You left me here
I wanted to show you
I want to control you
Feeling
I want your feeling
Cause I need it
But you're leaving

I never showed you the real me

C E
I hid it from myself
Am
Nobody wanted to tell me
C E
Who I was meant to be, to be, to be
Am F
Could you see while you stayed away?
C E
Were you listening? Would it change the way?
Am F
Could you take? All of my secrets?
