Many thanks to \* (Jens Kinzel) and Nikolai Ilinsky for a lot of this tab.

This is definitely one of my favorite Tull songs. (if there is such a thing)  
Ian Anderson is a musical genius!

(1st verse)

Clear light on a slick palm  
    as I mis-deal the day  
Slip the night from a shaved pack  
    make a marked card play  
Call twilight hours down  
    from a heaven home  
    high above the highest bidder  
    for the good Lord's throne

(chorus)

In the wee hours I'll meet you  
    \*watch the old gods play

(2nd verse)

We'll wait in stone circles  
    til the force comes through---  
    lines join in faint discord  
    and the Stormwatch brews  
    a concert of kings  
    as the white sea snaps  
    at the heels of a soft prayer  
    whispered

(chorus)

In the wee hours I'll meet you  
    \*take you quickly
