Heading For Nowhere - Jets Overhead

C Em D
I m looking for something that I didn t notice was gone
C Em D
Weeks, maybe months just went by without anything wrong
C Em D
Now I m aware I can t stop the repeating alarm
C Em D
Here in this place I get peace, I get war, I get on

C Em
Standing at the station
D
Falling out of line
C Em
Missing my connection
D
Asking for the time

C Em
End at the beginning
D
Back onto the street
C Em
Always chasing something
D
Even in our sleep

We got the time
C
Heading for nowhere
G
Heading for nowhere
D
Heading for nowhere

C Em D
I m ready for something I finally noticed was gone
C Em D
Head to the place where I go when I know what went wrong
C Em D
Moments repeat, colours change to the beat of a song
C Em D
Counting the days I get by and the days I get on
