There ll be no more heartaches

G D C D

There ll be no more heartaches

Cm

G (slow strum)

For me oh can t you see.

Okay so this was tabbed from an acoustic version off of an Instant Live CD.

Since

the album hasn t come out yet I m not sure if it s going to be different or not.

And I know it LOOKS like a mistake after the first verse where it goes GDCD and then GDEmC, but that s what she s playing.

G*= a wierd strum pattern she does. This isn t exactly it, but it ll work.
