

Perfectly Clear
Jewel

I m going by ear...but it sounds right to me!

Jewel Perfectly Clear
Capo 4th

VERSE 1

[C]
The doorway frames you
[F] [G]
A picture perfect silhouette
[C] [G]
Blue sky of regret, enough to hang you
[C]
Your legs seem to tremble
[F] [G]
At least I imagine that they do
[C] [G]
Then again it s probably easy for you

CHORUS

[F] [G]
But please don t open your mouth, my dear
[C]
I can read all the signs, I can take it from here.
[Am] [G] [C]
There s no need to explain, it s perfectly clear

VERSE2

[C]
Yellow wallpaper peels
[F] [G]
makes a strange halo around your head
[C] [G]
It s funny how I notice these stupid things instead
[C]
You say something awkward
[F]
But I wish that you wouldn t
[C] [G]
A whole life of you wish you could but just couldn t

CHORUS (Same as above)

BRIDGE

[Em] [Am]
So I try not to think too much

[Em] [Am]
It only just makes me mad
[Em] [Am]
Spent half my life loving you
[G]
Think of all the love that I could ve had

VERSE3

[C]
Five years worth of kisses
[F] [G]
Are packed in your bags
[C] [G]
This tiny moment fits all the big things we ever had
[C]
And I can t quite pinpoint
[F] [G]
When it left or what for
[C] [G]
Love always steps lightly away from the door

CHORUS.

This is a Beautiful song...and real easy!
I hope you enjoy it!
