I need u for dark reasons, dear
For greed and lust and seed and fear
For all the songs that I can hear when u are near
Cause the places I ve been, well I m trying 2 forget
But the further I run, well, the further I get
But with just one kiss, u know that it do not exist
So won t u dance for me beneath the street lamp s light
With your arms stretched out, baby, drunk on wine
U know it feels so good, like it should, just 2 laugh
I knew that it would

Bm **E**

La, la, la, close your eyes

Bm **E**

La, la, la, it s a lullaby

Ending:

A

U Belong 2 Me
