

**Ten**  
**Jewel**

Capo 2

(E)  
(E) Whoever said love is easy  
Must have never been in love  
Sometimes it s a land mine  
One wrong step and it blows up  
A (F#m) word, a look  
Lights a hidden fuse

It s (E) hard to see just what you have  
When you re seeing red  
And easy to do something that  
You know we ll both regret  
Better (F#m) stop, think  
Count to ten before I leave

Chorus:

(E) One, I still wanna hate you  
(F#m) Two, three, I still wanna leave  
(E/G#) Four, searching for that (A) door  
Five, then I look into your eyes  
(E/B) Six, take a deep breath  
Seven, take a step back  
(B) Eight, nine, I don t know why  
(C#m) We even (B) started this (A) fight  
By the time I get to (B) ten  
(A) I m right back in your arms again (E)

(E) Words thrown so carelessly  
Like weapons when we fight  
But when they cut too deep  
I wanna leave it all behind  
I have to (F#m) count to ten  
Before I cross that line

Chorus

(C#m) You can lose what you re not (A) thankful for  
(E) I don t want that to happen to you and (B) me  
Better count my (A) blessings

(E) One, you still move me  
(F#m) Two, three, you send chills right through me  
(E/G#) Four, you keep me wanting (A) more  
Five, when I look into your eyes  
(E/B) Six, you re my best friend

Seven, that will never end

(**B**) Eight, nine, I don't know why

(**C#m**) But thank God it (**B**) happens every (**A**) time

By the time I get to (**B**) ten

(**A**) By the time I get to (**B**) ten

(**A**) I can see how blessed I've (**E**) been

(**F#m**) I'd chose you all over again
