

In Perfect Time
Jill Barber

Capo on 3rd fret

This is my first tab, just figured it out and thought I would post some Jill Barber since she only had one other tab. I think it s about right!

C G Am
Can t rely on time

Em F
To change the way you feel

C G Am
Cause time it often loses track

Em F
Of who it s got to heal

C G Am
You can read my palm

Em F
And tell me that my future looks strong

C G Am
And I will play along

Em F
Better that than to wait to prove you wrong

C G Am
Cause it s another overcast day

Em F
Like it s been for a week

C G Am
And I would blame feeling down on the weather

Em F
If I had no other reason to be

C G Am
People let you down

Em F
When you least expect them to

C G Am
And hearts they move around so fast

Em F
And love it somehow gets renewed

C G Am
And my state of mind is hiding in

Em F
The shadow you left behind

C G Am
And this song is playing in my head

Em **F**
As you walk away in perfect time

C **G** **Am**
And you and I are just saving hope

Em **F**
In pockets and of sleeves

C **G** **Am**
For rainy days when you need it most

Em **F**
Rainy days like these

C **G** **Am**
And my state of mind is hiding in

Em **F**
The shadow you left behind

C **G** **Am**
And this song is playing in my head

Em **F**
As you walk away in perfect time

C **G** **Am**
Can't rely on time

Em **F**
To change the way you feel

C **G** **Am**
Cause time it often loses track

Em **F**
Of who it's got to heal

C **G** **Am**
And my state of mind is hiding in

Em **F**
The shadow you left behind

C **G** **Am**
And this song is playing in my head

Em **F**
As you walk away in perfect time
