Youve Got Me Jillian Edwards I saw there were hardly any Jillian Edwards tabs out there, so I just figured this one out by ear she fingerpicks almost the entire thing, but these chords sound pretty good to base the fingerpicking on! Hope it s helpful. Basically the entire song is: [D, G, A; Bm, G, A] Verse 1: D G Α All the pieces I know that make you whole \mathbf{Bm} G А Have a way of cutting me in half D G Α Thought I had a handle, some kind of control Bm G Α But now I know I m not getting it back Chorus: D BmG Α Heart and soul and all of that You ve got me Bm D G Δ Tangled up and untied You ve got me Verse 2: D G All the things that you do, Α Things that you don t know about me Bm G Α Like everything that I feel when you smile D G Α And whenever you do makes me want to Just freeze time around me BmG Α And stay forever in that while (Chorus) G D Bm Α

So caught up in your whole world around me **D Bm G A** I d be fine to stay, never want to leave (Chorus x2)
