

Old Photograph  
Jim Capaldi

[Verse]

**C** **F** **C** **F** **Gm** **A F**  
Yesterday I felt the wind blowing round my shoulder  
**Am** **Gm**  
Feel like I m getting older  
**F** **C**  
Still I can t forget your face  
**F** **Gm** **G** **Dm**  
Separated by a million miles of ocean  
**F** **Gm**  
My heart still feels emotion  
**F** **C**  
Even in this lonely place  
**Bb** **C**  
Old photographs and places I remember  
**Am** **Dm**  
Just like a dying ember  
**Gm** **C** **F**  
That s burned into my soul  
**Bb** **C** **Am**  
Even though we walk the diamond-studded highways  
**Dm** **C#**  
It s the country lanes and byways  
**C** **F** **Bb F Dm**  
That makes us long for home  
**C** **F** **C** **D#** **Gm** **Am**  
Lately I just find my mind has turned to dreamin  
**F** **Gm**  
Making plans and scheming  
**F** **Dm** **C**  
How I m gonna get back home  
**F** **Am**  
But deep down inside I know its really hopeless  
**F** **Gm**  
This road I m on is endless  
**F** **Dm** **C**  
We climb our mountains all alone
