\*My first tab ever, this is a great song, and I love singing Jim Cuddy tunes.  
He has one of the sweetest  
in music, period. Enjoy"

(C) I can t understand  
how the touch of her hand  
on my cheek leaves me feeling  
so weak in the knees and (F) blue.  
(G) She pulls her hair back  
the same way I ve seen you (C) do.  
(C) I ve had enough  
my recovery s tough  
and I m not out here looking  
to start up with someone (F) new.  
(G) So in the end  
just before I surrender  
I ll make believe that she s (C) you.

(C) Beautiful faces  
I ve seen in these places  
could make your heart heavy and sad  
with a drink or (F) two.  
(G) I don t need that yet  
I ve got a sea of regret  
to go (C) through.  
(C) She sits there waiting  
while I m still debating  
there s a cold night ahead we d be  
helping each other (F) through.  
(G) So in the end  
just before I surrender  
I ll make believe that she s (C) you.

(F) I ll make believe that I m  
kissing the lips that are (C) gone.  
(Em) Truth is I m having  
(F) trouble just carrying (C)on....(G)
