Still Want You

::Intro::

E
C#m - B - A - E
C#m - B - A - E

::Verse #1::

E
Well I took my car to find you
G#m
Drove down every lane
A
Looked in all the backyards
F#m
Then I went back through again
E
Then I took a Greyhound
G#m
Headed way out West
A
I found some friends who knew you
F#m
But they told me you had already left

::Pre-Chorus::

A E A
Oh why do I need you so
(A) B
Like a cop needs a crime

::Chorus::

E B
Well Iâ€™ve practiced in the mirror
C#m F#
Saying things to make my mind go clear
A B
Prayed until my knees were black and blue
C#m B A F#
And if love is a cut well itâ€™s one that never seems to shut
A B
Comes up every morning like itâ€™s new
A B E
And I still want you

::Verse#2::

E

I remember when we travelled up

G#m

To see the Arctic sun

A

Stopped to buy you cigarettes

F#m

Came back and you were gone

E

Then I had to follow

G#m

A trail of unpaid bills

A

You maxed out all my credit cards

F#m

And took all of the money from my till

::Pre-Chorus::

A E A

Oh why do I need you so

(A) B

Like a drowning man needs a line

::Chorus::

E B

Well Iâ€™m burning with desire

C#m F#

Standing way too close to every fire

A B

I know Iâ€™ll pay the price when it comes due

C#m B A F#

And no matter how I try resolutions fall in record time

A B

Thoughts of your sweet smile coming through

A B E

And I still want you

::Solo::

::Pre-Chorus Material::

A E A
Oh why do I need you so
(**A**) **B**
Like a drunk needs wine

::Verse #3::

E
Well thereâ€™s grey skies behind me
G#m
Thunder up ahead
A
Iâ€™m hooked on this sensation
F#m
And Iâ€™m easily misled
E
And if I ever find you
G#m
I hope I will someday
A
I wonâ€™t waste time on clever lines
F#m
Just smile at you and then Iâ€™ll walk away

::Pre-Chorus::

A E A
Oh why do I need you so
(**A**) **B**
Like a dying man needs time

::Chorus::

E B
Well Iâ€™ve practiced in the mirror
