

## Heartbreak In Silhouette

Jim Reeves

C G F C  
I listened to an old friend describe the girl he d met  
G C F C  
In memory I could see her heartbreak in Silhouette  
C G F C  
He said her hair was golden her eyes were violet  
G C F C  
It surely had to be her hearbreak in Silhouette  
C G F C  
He said that when he kissed her her kisses were like wine  
G C G F G  
And suddenly I wondered if she d break his heart like mine  
C G F C  
But I sat there in silence and smoked my cigarette  
G C F C  
His heart would soon discover heartbreak in Silhouette  
C G F C  
With shining eyes he told me about the night they d met  
G C F C  
My own heart kept remembering heartbreak in Silhouette  
C G F C  
Outside the rain kept falling recalling old regrets  
G C F C  
Then she stood in the doorway heartbreak in Silhouette  
C G F C  
At first she didn t see us because the lights were dim  
G C G F G  
As she chatted with her new love she had eyes for only him  
C G F C  
My friend sat that there in silence and not one word was said  
G C F C F  
Two broken hearts were sharing heartbreak in Silhouette heartbreak in  
C  
silhouette

Alright people be gentle, this is my first attempt. Lovely song, hope the chords work.
